**Days/Time:** Tues: 12:00-12:55

**Place:** Gym

**Fees**

Fee: none

**Class Description**

This is a general physical education class. Students should be ready to be active and have a fun time.

**Goals and Student Expectations**

- > Students are expected to have a positive attitude and a willingness to learn and try new things.
- > Students should have the proper footwear for gym class hour. Parents need to help their children to remember to wear tennis shoes. Any other form of footwear makes it difficult for the kids to properly participate in the class. Grading There will not be a grade for this class.

\*There will not be a set schedule of activities for this class. I usually pick one sport or activity to work on for a month. When the month is over I will then pick something for the next month to work on and learn

Title: Song School Latin I

Ages: 1st-2nd grades

Time: 1:00-1:55 PM Tuesdays ONLY

Place: TBC, Rm #3

**Fees, Required Texts, and Supplies:**

Fee: \$4.00 (for photocopying and supplies)

Required text: Songschool Latin, Book 1 (student)

**Class Description:**

This class is specifically designed for our age group of younger kids. Our students will follow Simeon the monkey through the book and learn over a hundred engaging everyday Latin vocabulary words for the seasons, body parts, food, animals, and common greetings. Students will also learn the Latin alphabet (writing & pronunciation), discover related English words, fill-in-the-blank stories, questions, written exercises, and songs to help them remember it all!

**Goals/Student Expectations:**

Participation and fun! There will be no grades assigned.

**Additional Information:**

Some of our students may not be writing and/or spelling in these grade levels. If your student struggles in this area, do not worry. We will aid them. (You may even want to use some of the writing as handwriting practice at home.) The focus is on the songs, vocab, and games. Parents are always welcome to attend if they are interested!

**Ages:** 1st-2nd grades

**Day(s)/Time:** Tuesday 2:00-2:55

**Place:** TBC, Room #3

**Fees, Required Texts and Supplies**

**Class fee:** \$25

**Required Texts:**

- 1) Apologia Exploring Creation with Chemistry and Physics By: Jeannie Fulbright ISBN: 1935495984

**Class Description**

Discover the foundational elements of the universe and the building blocks of creation with *Exploring Creation with Chemistry and Physics*! Study how the universe functions through this exploration of matter and energy; lessons cover atoms and molecules, pH levels, types of mixtures, mechanics, laws of motion, dynamics of motion, energy, waves, light, machines, magnets, and more. Filled with bright photographs, fun "Try This!" experiments, and integrated narration questions, this Charlotte-Mason inspired guide to physics and chemistry will keep kids interested and engaged. Experiments, notebooking activities, "what do you remember?" narration questions, projects, and experiments help to reinforce concepts. 279 pages, hardcover. Index and answers to the narrative questions are included, as well as a supply list PDF.

**Reading:** Students will be asked to read a section of the text before class.

**Tuesdays & Thursdays:** Students will complete a hands-on course as they work through an introduction to chemistry and physics. Notebooking journals will be completed for each chapter. We will do hands-on projects, which may include crafts, experiments, and guest speakers.

**Goals**

Goals: The goal is for students to walk away with a love for learning and a general understanding of God's amazing creation. Using chemistry and physics as a springboard, students will also learn how to listen to a teacher in a classroom setting, participate in a class setting, ask questions, and look for answers.

**Grading**

Students will not receive a grade. You are welcome to talk to the teacher(s) at any time.

Books: The Mystery of History – The Early Church and the Middle Ages, Volume II, 2<sup>nd</sup> Edition,  
Written by: Linda Lacour Hobar

**Class Description**

Students will learn about different historical figures and events from the Early Church and the Middle Ages (A.D. 33-1456). This will be done through a variety of academic work, reading, and projects. Students will also learn the geography of the different areas being studied, as well as the United States.

**Goals and Student Expectations**

I hope that students become interested and learn about the past. My expectation is that students participate in discussions and activities so they can learn new knowledge.

**Grading**

There will not be a formal grade given. Students will have a project notebook to take home at the end of the year.
